

FSP Certified Plan Writers

For a list of FSP Certified Plan Writers (as well as other assistance), [click here](#) (.htm at 880K).

Forest Stewardship Management Plans are prepared by natural resource professionals who are self-employed or employed by a privately-owned business. Some examples are (but not limited to)

private consultant foresters, private consultant wildlife biologists, consultant companies and natural resource industries. In order to be able to write Forest Stewardship Management Plans under the program, a natural resource professional must attend a one-day workshop on Plan Writer Certification.

Find out the criteria for becoming a certified Forest Stewardship Plan Writer, how to retain certification, etc. [This document is in .pdf format.](#)
